(2) The United States and Palau have forged close security, economic, and cultural ties since the United States defeated the armed forces of Imperial Japan in Palau in 1944.

(3) The United States administered Palau as a District of the United Nations Trust Territory of the Pacific Islands from 1947 to 1994.

(4) In 1994, the United States and Palau entered into a 50-year Compact of Free Association which provided for the independence of Palau and set forth the terms for close and mutually beneficial relations in security, economic, and governmental affairs.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) in order to fulfill the promises and commitment of the United States to our ally, the Republic of Palau, and reaffirm the special relationship between the United States and Palau, Congress and the President should place a top priority on the approval of and full funding for the agreement signed by the United States and Palau in 2010; and

(2) Congress and the President should immediately seek a mutually acceptable means of funding the legislation proposed to implement the agreement.

(2) the Government of Vietnam has recently taken modest but encouraging steps to improve its human rights record, including signing the United Nations Convention Against Torture and other Cruel, Inhuman or Degrading Treatment or Punishment, adopted by the United Nations General Assembly December 10, 1984, increasing registrations for places of worship, taking greater action to combat human trafficking, reviewing the Criminal Code, and continuing to conduct high-level engagement with the United States and international human rights non-governmental organizations;

(4) easing the prohibition on the sale of lethal military equipment to Vietnam at this time, solely regarding platforms that facilitate the ability of the armed forces of Vietnam to operate more effectively on, above, and within its territorial waters and for coastal defense, would further United States national security interests, but steps beyond this to ease further the prohibition would require the Government of Vietnam to take significant additional and sustained steps to protect human rights, including releases of prisoners of conscience and legal reforms;

(5) the United States Government should continue to support civil society in Vietnam, including advocates for religious freedom, press freedom, and labor rights who seek to use peaceful means to build a strong and prosperous Vietnam that respects human rights and the rule of law; and

(6) the United States Government should continue to engage the Government of Vietnam in a high-level dialogue and specify what steps on human rights would be nec-

essary for the Government of Vietnam to take in order to continue strengthening the bilateral relationship.

(B) has reemphasized its commitment to this region following the humanitarian crisis of unaccompanied children from these countries across the international border between the United States and Mexico in 2014.

**SEC. 5141. SENSE OF CONGRESS WITH RESPECT TO THE IMPOSITION OF ADDITIONAL SANCTIONS AGAINST THE DEMOCRATIC PEOPLE'S REPUBLIC OF KOREA.**

(a) FINDINGS.—Congress makes the following findings:

(1) The Democratic People's Republic of Korea (in this section referred to as the “DPRK”) tested nuclear weapons on 3 separate occasions, in October 2006, in May 2009, and in February 2013.

(2) Nuclear experts have reported that the DPRK may currently have as many as 20 nuclear warheads and has the potential to possess as many as 100 warheads within the next 5 years.

(3) According to the 2014 Department of Defense report, “Military and Security Developments Involving the Democratic People's Republic of Korea” (in this subsection referred to as the “2014 DoD report”), the DPRK has proliferated nuclear technology to Libya via the proliferation network of Pakistani scientist A.Q. Khan.

(4) According to the 2014 DoD report, “North Korea also provided Syria with nuclear reactor technology until 2007.”.

(5) On September 6, 2007, as part of “Operation Orchard”, the Israeli Air Force destroyed the suspected nuclear facility in Syria.

(6) According to the 2014 DoD report, “North Korea has exported conventional and ballistic missile-related equipment, components, materials, and technical assistance to countries in Africa, Asia, and the Middle East.”.

(7) On November 29, 1987, DPRK agents planted explosive devices onboard Korean Air flight 858, which killed all 115 passengers and crew on board.

(8) On March 26, 2010, the DPRK fired upon and sank the South Korean warship Cheonan, killing 46 of her crew.

(9) On November 23, 2010, the DPRK shelled South Korea's Yeonpyeong Island, killing 4 South Korean citizens.

(10) On February 7, 2014, the United Nations Commission of Inquiry on human rights in DPRK (in this subsection referred to as the “Commission of Inquiry”) released a report detailing the atrocious human rights record of the DPRK.

(11) Dr. Michael Kirby, Chair of the Commission of Inquiry, stated on March 17, 2014, “The Commission of Inquiry has found systematic, widespread, and grave human rights violations occurring in the Democratic People's Republic of Korea. It has also found a disturbing array of crimes against humanity. These crimes are committed against inmates of political and other prison camps; against starving populations; against religious believers; against persons who try to flee the country—including those forcibly repatriated by China.”.

(12) Dr. Michael Kirby also stated, “These crimes arise from policies established at the highest level of the State. They have been committed, and continue to take place in the Democratic People's Republic of Korea, because the policies, institutions, and patterns of impunity that lie at their heart remain in place. The gravity, scale, duration, and nature of the unspeakable atrocities committed in the country reveal a totalitarian State that does not have any parallel in the contemporary world.”.

(13) The Commission of Inquiry also notes, “Since 1950, the Democratic People's Republic of Korea has engaged in the systematic abduction, denial of repatriation, and subsequent enforced disappearance of persons from other countries on a large scale and as a matter of State policy. Well over 200,000 persons, including children, who were brought from other countries to the Democratic People's Republic of Korea may have become victims of enforced disappearance,” and states that the DPRK has failed to account or address this injustice in any way.

(14) According to reports and analysis from organizations such as the International Network for the Human Rights of North Korean Overseas Labor, the Korea Policy Research Center, NK Watch, the Asian Institute for Policy Studies, the Center for International and Strategic Studies, and the George W. Bush Institute, there may currently be as many as 100,000 North Korean overseas laborers in various nations around the world.

(15) Such forced North Korean laborers are often subjected to harsh working conditions under the direct supervision of DPRK officials, and their salaries contribute to anywhere from \$150,000,000 to \$230,000,000 a year to the DPRK state coffers.

(16) According to the Director of National Intelligence's 2015 Worldwide Threat Assessment, “North Korea's nuclear weapons and missile programs pose a serious threat to the United States and to the security environment in East Asia.”.

(17) The Worldwide Threat Assessment states, “North Korea has also expanded the size and sophistication of its ballistic missile forces, ranging from close-range ballistic missiles to ICBMs, while continuing to conduct test launches. In 2014, North Korea launched an unprecedented number of ballistic missiles.”.

(18) On December 19, 2015, the Federal Bureau of Investigation declared that the DPRK was responsible for a cyberattack on Sony Pictures conducted on November 24, 2014.

(19) From 1988 to 2008, the DPRK was designated by the United States Government as a state sponsor of terrorism.

(20) The DPRK is currently in violation of United Nations Security Council Resolutions 1695 (2006), 1718 (2006), 1874 (2009), 2087 (2013), and 2094 (2013).

(21) The DPRK repeatedly violated agreements with the United States and the other so-called Six-Party Talks partners (the Republic of Korea, Japan, the Russian Federation, and the People's Republic of China) designed to halt its nuclear weapons program, while receiving significant concessions, including fuel, oil, and food aid.

(22) The Six-Party Talks have not been held since December 2008.

(23) On May 9, 2015, the DPRK claimed that it has test-fired a ballistic missile from a submarine.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the DPRK represents a serious threat to the national security of the United States and United States allies in East Asia and to international peace and stability, and grossly violates the human rights of its own people;

(2) the Secretary of State and the Secretary of the Treasury should impose additional sanctions against the DPRK, including targeting its financial assets around the world, specific designations relating to human rights abuses, and a redesignation of the DPRK as a state sponsor of terror; and

(3) the President should not resume the negotiations with the DPRK, either bilaterally or as part of the Six-Party Talks, without strict preconditions, including that the DPRK—

(A) adhere to its denuclearization commitments outlined in the 2005 Joint Statement of the Six-Party Talks;

(B) commit to halting its ballistic missile programs and its proliferation activities;

(C) cease military provocations; and

(D) measurably and significantly improve its human rights record.

Congress finds that, in March 2013, the Government Accountability Office issued a report that confirmed that—

(1) there are approximately 588,000 vehicles in the civilian Federal fleet;

(2) Federal agencies spent approximately \$975,000,000 on repair and maintenance of the Federal fleet in 2011;

**SEC. 4. REQUIREMENT TO USE REMANUFACTURED VEHICLE COMPONENTS.**

The head of each Federal agency—

(1) shall encourage the use of remanufactured vehicle components to maintain Federal vehicles, if using such components reduces the cost of maintaining the Federal vehicles while maintaining quality; and

(2) shall not encourage the use of remanufactured vehicle components to maintain Federal vehicles, if using such components—

(A) does not reduce the cost of maintaining Federal vehicles;

(B) lowers the quality of vehicle performance, as determined by the employee of the Federal agency responsible for the repair decision; or
